Applications close 31 October 2022
csiro.au/Postgraduate-Scholarships

Each year, the Program supports postgraduate scholarships for students to work on a project relevant to one of several priority research areas.

Students are co-supervised by researchers in an Australian university and CSIRO.

Postgraduate Top-Up Scholarships are available to PhD students who have gained (or are expected to gain) first or upper second-class honours or equivalent in relevant research areas.

Students must also expect to receive a Research Training Program scholarship (RTP) or equivalent scholarship commencing in the year of the CSIRO scholarship.
